Green Day

B **F#** **A**
Standing in my room last night

E
staring at the mirror

B **F# A**
I could'nt find, a reason why

E
I could'nt be near her

C# **A** **B**
R: Cause you are the one that started

To make me feel this way

C# **A B**
And every night I'm thinking

About the words you'd say

A **B**
Cause you are the one that I want
