

Carnage Rules

Green Jelly

Carnage rules!

Rockin' and rollin' my way through town
Yeah, baby, I get around
Make my murder, paint the town red
Squash any spider, hanging by a thread

You can't run, I'm having too much fun
Listen all you fools, don't you know that carnage rules?
Told you once, I won't tell you twice, heed my word and pay my
price

All day long I'm completely insane
Crashin' and smashin' like a hurricane
Cruisin' on my ride
You best step aside
First on my list
Crushin' bugs with my fist

My blade's all red
Hear what I said?
Listen all you fools, don't you know that carnage rules?
Told you once, I won't tell you twice, heed my word and pay my
price

I'm out of my mind, no time to waste
It helps me unwind, I love the chase
This wasting, dude, is nothing but rude
There's no stoppin' all this toppin'
No matter what's your size, crushin' spiders like flies

Listen all you fools, don't you know that carnage rules?
Told you once, I won't tell you twice, heed my word and pay my
price
