

I don't believe you can do it  
Aaaaaaaaaa! A ha ha  
You're inexcusable  
Sleeping through the back, I (fucked a dope inspector, trouble)  
now  
Sleepwalk til I never sleep, lost in a [?] soul  
Dead come down, the spirits come to my bed  
All there is, all there was  
Reachin' for the better pills, yeah  
Super elastic, double plastic  
Decapitation takes off my head  
Why do you keep on mauling [?] me?  
Distant sounds of dead men fix, we take the test to use again  
Don't you see it's all a game, schedules take control for you  
Zodiac zombie, mental mumble, you can't hear a word I say  
Go ahead and try it punk, yeah  
Super elastic, double plastic  
Decapitation takes off my head  
Super elastic, double plastic  
Regurgitation lands on my head  
Then he wanted out of the wrestling game and got into strip-  
teasing  
I want a Zombie in a tall glass  
Super 'lastic, never plastic, decapitation takes off my head  
Screamin' through the black, I fucked that dope inspector, trou-  
ble, ah  
Sleepwalk til I never sleep, lost in [?] soul  
Death come down, the spirits come to my bed  
All there is, all there was  
Reachin' for the better pills, yeah  
Super elastic...  
Aaaaaaaaaa! No! Aaaaaaaaaaaaaa!
