

# Living Fossil

Green Lung

Born before time  
Last of my kind  
On this doomed earth I was left behind

In the abyss  
Never surface  
Unless summoned by the slowest riffs

Living fossil  
I'm built to last  
Living fossil  
I'm a blast from the past

Centuries pass  
Without a glance  
I transcend time in my narcotic trance

I dwell alone  
Aphotic zone  
Awakened only by the lowest tone

Living fossil  
I'm built to last  
Living fossil  
I'm a blast from the past

I have watched the ages come and go  
Never dying, living slow  
Nothing I can do to stem time's flow  
Never dying, living slow

Living fossil  
Don't move too fast  
Living fossil  
I'm a blast from the past

Living fossil  
In a void so vast  
Living fossil  
I'm a blast from the past

Prehistoric pariah  
I just get higher and higher

Live slow  
Never die  
I'll spend an eternity getting high
