

# Out Of The Storm

Green River Ordinance

I woke up this morning  
With a burning in my soul  
Morning air, it hit me  
Like it's never done before  
I woke up this morning  
With a turning in my bones  
All the things that I can't change,  
I never let go of

You got me where you want me  
You've had me all along  
I'm learning the hard way now  
There's no easy way out of the storm  
Out of the storm

All I've been chasing,  
God only knows just where I've been  
Now I realize that I'm a broken man  
Million little pieces you held right in your hand

Suddenly I'm falling in  
Suddenly I'm forgiven  
Suddenly I'm falling in  
Suddenly I'm forgiven
