

A Letter to Seymour

Greensky Bluegrass

Dear Seymour I wish you were here
Hope it's better where you are
Someone's gonna come out and get me
Someone's gonna come out here

Take me away, anywhere but here
A long long road, headed for my home
Pack it all up and send me on my way
Seymour won't you send me some money today

All those things that brought us together
Now are tearing us apart
Seymour all the things I gave her
She's sold or left in the dark

Take me away, anywhere but here
A long long road, headed for my home
Pack it all up and send me on my way
Seymour won't you send me some money today

Seymour I'm writing you this letter
I'm sad and broken far away
Everything I've had is lost and broken
Now I'm just drunk and in the way

Take me away, anywhere but here
A long long road, headed for my home
Pack it all up and send me on my way
Seymour won't you send me some money today
Pack it all up and send me on my way
Seymour won't you send me some money today
