

# Just To Lie

Greensky Bluegrass

You and I both appear  
We already made the deal  
By the time I change my mind  
Couldn't make the sense to find  
The reason that I left you running  
Keeping from the things I'm saying  
Saying just to get you naked  
I just want you to trust me

I told you that I love you  
Just so that I could lie beside you  
I knew you'd understand I'm leaving  
That it's been this way before

Trying hard to make it work  
To own the things that measure what  
I'm reaching for is really worth  
And to keep from losing faith  
I've been lost in sleeping pills  
Worry that i'm overdriven  
Moments I'm alone and thinking  
Wishing that there was someone

I told you that I love you  
Just so that I could lie beside you  
Knew you'd understand I'm leaving  
That it's been this way before

In the same room finally searching  
Looking for another reason  
You and I should be together  
Don't act like you can't surrender  
This is not a love affair  
Neither one of us should start to think that  
I'm settling for you  
It's just like the first time

I told you that I love you  
Just so that I could lie beside you  
Knew you'd understand I'm leaving  
That it's been this way before

Till you beat me to the door  
At least it seemed the things that I control  
Turned out the way I planned em'  
Nothing's different here about you  
Telling me that since the last time  
Somehow you fooled yourself to  
Thinking that I'm falling for you  
Never meant a word when

I told you that I love you  
Just so that I could lie beside you  
Knew you'd understand I'm leaving  
That it's been this way before
