

I've been clockin' you
I've been clockin' you (You)
I've been clockin' you (You, you)

I've been clockin' you, clockin' me from across the stream
I've been wondering, when I talk, do you know what I mean?
There's no space between us
There's no space between us

Every now and then, our minds meet, exchanges complete
It still bothers me, but I know I had to leave you
I had to leave you alone

So why am I holding on? (Am I holding on?)
Addicted to your love and
My eyes have been closed, I'm head over toe
I'm lost in you, boy, and I want to let go
I want to let go, oh

All the time we spent, back and forth, all the arguing
Think about the days, touchin' hands
Back when I jam with you
Back when I jam with you, yeah
I remember when we would lay, lie around all day
You look me in my eyes and I play under the sheets with you (Yo
u)
Under the sheets with you, boy

But why am I holding on? (Am I holding on?)
Addicted to your love and
My eyes have been closed, I'm head over toe
I'm lost in you, boy, and I want to let go
I want to let go, oh
Why am I holding on?
Addicted to your love and
My eyes have been closed, I'm head over toe
I'm lost in you, boy, and I want to let go
I want to let go, oh

I've been clockin' you, clockin' me from across the stream
I've been wondering, when I talk, do you know what I mean?
There's no space between us
There's no space between us
