

# Man Made

Greentea Peng

Man made, man made, that's what I'm saying  
I move through pens, I go through paper trying to proclaim it  
And when I lost hope you'll know 'cause I don't say shit  
When the energies right and I am light, I'm trying to change sh  
it  
Misfortune on the breeze, can almost taste it  
Heavy-hearted man become complacent  
Distracted by the ones who do not fake it  
Vampire your energy, they take it

Magic in the circles we don't circulate in  
Wonder if that's why they took us so far from the beginning  
This whole ting just a case of remembering  
And I'm remembering

I don't need your man made seeds to grow  
Everything that I need, Maa's put here to know

Censored truths, censored truths, there are no absolutes  
And to remain blind, feeding the narrative, that is up to you  
Divide and conquer the people like they always do  
Puppets permitting power, making it impossible  
Dutty politicians and wicked satellites  
Just pawns on their board, they willing to sacrifice  
Fake news, tell lie vision, come on, tell me lies  
As the sheet falls down I see between the lines

Magic in the circles we don't circulate in  
Probably 'cause they kept it in their circles from the beginnin  
g  
This whole ting just a case of remembering  
And I'm remembering

I don't need your man made seeds to grow  
Everything that I need, Maa's put here to know

I don't need your man made seeds to grow  
Everything that I need  
Everything that I need  
Everything that I need, Maa's put here to know

I don't need your man made seeds to grow, no  
Everything that I need  
Everything that I need  
Everything that I need, Maa's put here to know
