

Party Hard Interlude

Greentea Peng

We are go party hard
Say we go party hard
We like to party hard
Yes, we like to party hard
We like to party hard
We like to party hard, hard, hard
We like to party hard
We like to party hard

We like to party hard
We like to party hard
You've got the right to remain party
You've got the right to lift up your soul
To raise, raise like little shrooms
Out of the blues, the deepest blues
Raise like little shrooms
Free your mind, free yourself
Free your mind, take some fucking shrooms
Free your mind, eat some magic shrooms
I wouldn't lie, I wouldn't lie to you
Do yourself a favour and eat some shrooms
Eat some shrooms
Eat some shrooms
Eat some shrooms
Shrooms
Shrooms
Shrooms
Shrooms

Need some
Need some, need some
Need some shrooms
Need some shrooms
Need more shrooms
We all love shrooms
We all love shrooms
