Greentea Peng

No technique a top steppa  
No such thing as unique a trend setter  
Top manifesta  
Part of my manifesto's to live life fearless  
No regresso  
Raggo

3 legged march forward  
Into my chest I shoot arrows  
3 legged march forward  
Into my chest I shoot arrows

No technique a top steppa  
No technique still top

No technique still hot steppin'  
No such thing as unique  
Still trend setting  
From day been rebelling  
Parts of this manifestation  
Don't sit right with me but we reppin' and get it

3 legged march forward into my chest  
I shoot arrows  
I'm on a 3 legged march forward  
Into my chest I shoot arrows

No technique a hot steppa  
No technique still hot

No technique still top steppa  
Lived life full from a yute no regret-a  
Top manifesta and a self confess-a  
Never got on at school I'm a self professor  
Avid transgressor of the rules no less-a  
A mad man dresser yes Babylon stress-a  
Toes stay wet-a I'm a real finesse-a  
Go go get cant keep compressed  
With the things I possess nah

No technique still top steppa  
No technique still top steppa  
No technique a hot steppa
