

Lonely Afterglow

Greenwheel

Break down all the walls that you made
and let go of all the reasons that you gave
The past is only what you make
and oh how i've tried i've tried

to give you a love that you can borrow
not a lonely afterglow
draw me a line that i can follow
straight to the end of you and i
you and i

It's my nature to take the blame
and my pain relives my past
only to kill another day
ill try to bend please dont make me break oh
the more i give the more you take away

ill give you a love that you can borrow
not a lonely afterglow
draw me a line that i can follow
straight to the end of you and i
you and i, you and i

its taking all this time
please tell me why
ill give you a love that you can borrow
not a lonely afterglow

draw me a line that i can follow
straight to the end of you and i
ill give you some time
so you can figure out if what you need is you and i
is this the end of you and i
ill do anything
