All Day Rain

Greg Brown

The gate is rusty
The porch is sad
The storm is coming
The news is bad

All day rain--
plenty of
nothing to explain
a lifetime love

Open the window
Let the rain fall in
Let's stay home
Let's call in

All day rain--
plenty of
nothing to explain
a lifetime love

We need the rain
The garden's dry
Kiss me again
'cause so am I

I love this weather
gonna drink my fill
I'll love you better
I swear I will

All day rain--
plenty of
nothing to explain
a lifetime love

~~~♫♫♫ ~~~

Sometimes it's wet
Sometimes it's dry
You laugh--you forget
what made you cry

All day rain--
plenty of
nothing to explain
a lifetime love
