

Comin' Into You

Greg Brown

Look at the city; ain't it a pity,
There ain't nothin' nobody can do.
Take a change of heart, tear it all apart,
Oh put love and leave it to the wheel and start anew.

Oh baby I'm comin', oh honey I'm comin',
Yeah, I'm comin' when the day is through.
Oh honey, I'm comin', yeah I'm comin',
And I'm comin' right into you.

Up at the office, 25 stories,
25 stories, ain't one of 'em true.
Man got a cigar, smokin' old fire,
Yeah, but if he gets a chance, is he gonna burn you?

Oh baby I'm comin', oh honey I'm comin',
Yeah, I'm comin' when the day is through.
Oh honey, I'm comin', yeah I'm comin',
And I'm comin' right into you.

I'm a gonna get funny, gonna get a little money,
Then I'm gonna fly away in Katmandu.
I'm a gonna get punny; grab my just flat, hot damn
darlin',
She's, she's, she's, she's, she's, she's a gonna come,
too.

Oh baby, I'm comin, yeah I'm comin',
Honey I'm comin', when the day is through.
Oh honey I'm comin', yeah I'm comin',
And I'm comin' right into you.

What're you crazy? Take that coat off,
Take that shirt off and the rest of that, too.
Leave a little necklace, like to hear it jingle,
jangle,
And I tingle when I tangle in a jungle of you.

Oh honey I'm comin', baby I'm comin',
Yeah I'm comin' when the day is through.
Oh honey I'm comin', yeah I'm comin',
And I'm comin' right into you.

Oh honey I'm comin', yeah I'm comin',
Baby oh ha ha ha when the day is through.
Oh honey I'm comin', yeah ah ha,
Oh ah ah yeah when the day....
