

Dream City

Greg Brown

I'm living in dream city
Lost in dreams of you
I'm living in dream city
Dreaming is all i do
They're gonna cut off my water
Unplug my telephone
If i don't stop my dreaming
I will be out on the street alone

I'm living in dream city
Dreaming i'm holding you near
& this is where i'll be
Until you give me
A ride out of here

It's such a fine city
I'm running down the halls
It's a red wine city
I'm bumping into walls
I'm living in a palace
I go from room to room
Close my eyes & see you
I'm just chasing your perfume

I'm living in dream city
& the rent is rising fast
I'm living in dream city
I don't know how long i can last
If you had never hugged me
My feet would still touch the ground
If you had never kissed me
I'd be back in my hometown
