

One Cool Remove

Greg Brown

One cool remove--put me, put me
One cool remove--put me there
And forever let me stay
One cool remove away

One cool remove--from the things that
hurt me
One cool remove--from the sea and the city
I see it all as a passion play
One cool remove away

One cool remove from the white sun
Rising like a cloud upon the land
One cool remove from the red moon
Falling like a hand

One cool remove-like a Buddhist bleating
One cool remove--since all is fleeting
I neither come nor go nor stay
One cool remove away--

~~~♪♪♪ ~~~

One cool remove from the white sun  
Rising like a cloud upon the land  
One cool remove from the red moon  
Falling like a hand

One cool remove-like a Buddhist bleating  
One cool remove--since all is fleeting  
I neither come nor go nor stay  
One cool remove away--  
One cool remove away
