

## Winter Rain

Greg Brown

If I saw you out in the crowd again,  
Would you pick me out, would you be my friend,  
Would you smile now like you smiled then,  
If I saw you out in the crowd?

If I saw you out in the street today,  
Would you look at me or would you look away,  
Would you go for coffee, would you come to stay,  
If I saw you out in the street?

I've got a restless heart and restless feet,  
I'm December cold and July heat,  
I ain't someone I would want to meet,  
So I just keep on movin'.

If you saw me here in the window frame,  
Would you stop and wave, would you call my name,  
If you walk on by it's me to blame,  
Me and the winter rain.  
Me and the winter rain.
