

# You Can Always Come To Me

Greg Brown

Someday maybe, baby, you might be feelin' low and down  
Hold up your hands, count to three  
I will meet you, I will meet you downtown  
You can always, you can always come to me

I won't be busy, but even if I am,  
I'll kiss your tears away, like you have done for me  
I'll try to help you, try to help you out of any jam  
You can always, you can always come to me

We'll take a little walk, somewhere by the trees and water  
And have a talk about how good things can be  
Even if you're far away, honey just close your eyes  
You can always, you can always come to me

I'll be with you walking through an ancient land  
Even when it's hard, we're exactly where we're supposed to be  
I want you, I want you to understand  
You can always, you can always come to me  
You can always, you can always come to me
