

Hell & Back

Greg Holden

I dream of family on the old great plains
Peyton swears that she knows my name
I'll go to hell and back
Hell and back for sure
The locals tell me turn around go home
Noone's safe here how do you not know you'll go to hell and bac
k
Hell and back for sure
I think of her when I'm out here alone
I think of how she don't know me
How she don't know me at all
Now I've got some people saying boy calm down
Soon you'll have nothing with no way to get out but I've been t
o hell and back
Hell and back for sure
The Bobbys stop me every seventeen miles
Got nothing on me but still clean me out they've been to hell a
nd back
Hell and back for sure
I think of her when I'm out here alone
I think of how she don't know me
How she don't know me at all
