

Can't Love Them All

Greg Kihn Band

Honey, daddy used to tell me
Not to hang around with girls like you
And I believe him, 'cause later on at night
I find that everything he said was true

They say you can't, no you can't
No you can't love them all
You can't, no you can't
No you can't love them all
You can't, no you can't
No you can't love them all
You better find one
You better find one
You better find one

Honey, it ain't a secret
That we're livin' in a world gone mad
And I believe it, 'cause daddy used to say
Watch out for good girls a-turnin' bad

They say you can't, no you can't
No you can't love them all
You can't, no you can't
No you can't love them all
You can't, no you can't
No you can't love them all
You better find one
You better find one
You better find one
Or none at all

They say you can't, no you can't
No you can't love them all
You can't, no you can't
No you can't love them all
You can't, no you can't
No you can't love them all
You better find one
You better find one
You better find one

Oh you better find one
You better find one
You better find one
Or get none at all

You can't love them all [repeat]
