

Famous Last Words

Greg Lake

You think you've got it under control,
and you say so famous last words.
Your life is full of rich and many
colours of the rainbow,
famous last words.
Your partner is perfection
and will remain so.

Oh no, famous last words.
Oh no, famous last words.

You're sittin' on top of the world
and wanna stay there,
famous last words.
And you and her have made
a name and fortune together,
famous last words.
You thought that your lives
would be like that forever,
but you were wrong.

Oh no, famous last words.
Oh no, famous last words.
Famous last words.

Something you can recognize,
now you're looking through different eyes.
And that just made you realize
what a fool you were to be surprised

All those famous last words.
All those famous last words.
All those famous last words.
All those famous last words.
