

Never Let Me Down Again

Greg Laswell

I'm taking a ride with my best friend
I hope he never lets me down again
He knows where he's taking me
Taking me where I wanna be
I'm taking a ride with my best friend

We're flying high
Watching the world pass us by
Never wanna come down
Never wanna put my feet
Back down on the ground

I'm taking a ride with my best friend
I hope he never lets me down again
He promises me I'm as safe as houses
As long as I remember who's wearing the trousers
I'm taking a ride with my best friend

We're flying high
Watching the world pass us by
Never wanna come down
Never wanna put my feet
Back down on the ground

We're flying high
Watching the world pass us by
Never wanna come down
Never wanna put my feet
Back down on the ground

Never let me down
Never let me down
Never let me down
Never let me down

See the stars, they're shining bright
Everything is alright tonight
See the stars, they're shining bright
Everything is alright tonight
See the stars, they're shining bright
Everything is alright tonight
See the stars, they're shining bright
Everything is alright tonight
