

What Do I Know?

Greg Laswell

Does anyone know where the new guy went?
He kicked down the front door and took off again
I don't know how he will ever win
But the man I used to know loved an argument

I think he believes that I'm a billionaire
And that I've a new house that's up in the air
One day soon I might drive him there
I think he needs to get out of town

But what do I know?
What do I know?
What do I know?
What do I know?

Does anyone know where the new guy went?
He shuffles in circles so he'll be round again
And you go that away, I'll go against the wind
The man I used to know would never give in

And I think he believes that I'm a billionaire
And that I've a new house that's up in the air
One day soon I might drive him there
I think he needs to get out of town

What do I know?
What do I know?
What do I know?
What do I know?

And everything is fine, thank you for asking
Of all the years to miss out on, you did well
Allow me one great life, you're not quite gone
You're not quite gone

I think he believes that I'm a billionaire
And that I've a new house that's up in the air
One day soon I might drive him there
I think he needs to get out of town

I think he believes that I'm a billionaire
And that I've a new house that's up in the air
One day soon I might drive him there
I think he needs to get out of town

What do I know?
What do I know?
What do I know?
What do I know?

What do I know?
What do I know?
What do I know?
What do I know?

What do I know?
What do I know?

What do I know?

What do I know?

I think he needs to get out of town
