

# Heartfree

Greg Puciato

You tear my body down  
You tear at my belief  
One look stops all the time  
You tear my heart free  
Oh, you tear my heart free

One day we're falling down  
One day we believe  
One day we're out of time  
I'll tear my heart free  
Oh, I'll tear my heart free

We're out here making the same moves for nothing  
I'll die confident  
You make me so annoyed  
I'm not like you  
Maybe I should let it go because  
You're making me nervous  
You're saying a word that can make you wanna die  
And where are you now?  
Holding the moon?  
Oh, I promise I'm taking you  
If I ever move  
We were born with a feeling that makes you wanna love  
And it makes you wanna love  
And it makes you feel alive  
But Instead it just

It buries you alive  
It buries you alive  
It buries you alive

And where are you now?  
Holding the moon?  
Oh, I promise I'm taking you  
If I ever move
