

## Temporary Object

Greg Puciato

I had to break for just a little while  
From a lie that got much harder every time  
We should be sure of what we're doing  
Having lived inside every crime

We're temporary  
I never wanted to leave  
But now it feels like I'm coming home  
I've never felt so free

It takes you to learn that I'm not temporal (I'm not temporal)  
And then I can see there are two of us  
Following blindly  
A daydream that erupted my world  
And now I can be unconfined

We're temporary  
I never wanted to leave  
But now it feels like I'm coming home  
I've never felt so free  
But we're temporary  
I never wanted to leave  
But now it feels like I'm coming home  
I've never felt so free

And now the night still pulls you close to me  
And we can stay forever long if we still believe

I never wanted to leave  
But now it feels like I'm coming home  
I've never felt so free  
But we're temporary  
I never wanted to leave  
But now it feels like I'm coming home  
I've never felt so free  
But we're temporary  
I'm necessary (I'm necessary)  
We're temporary (We're temporary)  
I never wanted to leave  
I'm necessary  
I've never felt so free
