

Say You Will

Gregory Abbott

My friends all say I'm crazy
They all try to make me
Justify my love for you
"Hey boy she's just a sinner
Only out to win ya
Then leave you feeling sad and blue"

How can they know how I feel
When you kiss me and hold me tight?
This is no show, this is real
What I feel, I can see it in your eyes

Say you will (ah yeah) tell me that you'll be my lover
Say you will, say you will (say you will)
Say you will (say you will) there will never be another
Say you will, say you will (say you will)

It seems I can't resist ya
Even now I miss ya
And all the silly things we do
Hey, maybe I'm a dreamer
But baby, you're no schemer
I know that we can see it through

Deep in my heart, I believe
I'm just waiting on a word from you
I'm ready to start when you do
Me and you, and my love is true, oh girl

Say you will (say you will) tell me that you'll be my lover
Say you will, say you will (say you will)
Say you will (baby) there will never be another
Say you will, say you will (say you will)

Deep in my heart, whoa, I believe
I'm just waiting on a word from you
I'm ready to start when you do
Me and you, and my love is true

Whoa, say you will (say you will) tell me that you'll be my lover
Say you will, say you will (won't you tell me, say you will)
Say you will, tell me that you'll be my lover
Say you will, say you will (say you will)

Say you will (baby) there will never be another (when I feel your love)
Say you will, say you will (yes I do)
Say you will, tell me that you'll be my lover
Say you will, say you will

Say you will, there will never be another
Say you will, say you will
Say you will, tell me that you'll be my lover
Say you will, say you will

Say you will (say you will) tell me that you'll be my lover (ah yeah)
Say you will, say you will (say you will)
Say you will (baby) there will never be another (ooh-ooh-ooh-ooh)

Say you will, say you will
