

Without You

Gregory Abbott

Without you
Nothing in my life would have meaning
I need someone to understand
I know you can

Without you
Who would I give tenderness to?
Just living for today
In no special way
That's something I'd never do

Sometimes love isn't easy
It's hard to figure the rules
But here I'll stay
And offer my love to you

Oh, I need you
If times get tough I don't mind
I'd rather be in love
Than live in a world so untrue
Without you
