

# Won't Last Long

Gregory Alan Isakov

The demon's in my lane again  
The moon's too bright to hide  
The sun pours over, languin benign

Won't last long, won't last long  
I won't last long

And say  
What you want to say  
'Cause it won't last long  
I won't last long  
I won't last long  
I won't last long
