

## Kiss On the Cliff

Gregory and the Hawk

a kiss on the cliff is worth  
ten on the lips and more  
you seem like a shadow  
but heal me enough to know that  
the silly games he's been playing  
are saving lives and taking names  
we are the lucky ones  
you are so lucky, son  
noone else is as lucky as...  
so if you're watching me,  
keep watching  
sit and tingle like you can't stop  
if you're missing  
then all you're missing is you
