

Loser

Gregory and the Hawk

trip's almost over
did you get a good look
at the parts that fall open
in my favorite book
chapters on romance are falling apart
a comforting friend for my lonely heart
since i knew you would
i take extra long in the shower
when you say you know me
it's a bittersweet conspire
sometimes i'm a loser
i will stump you and confuse you
about things you cannot fix
sometimes i'm amazing
i will blow your mind, baby,
and that's why you'll stick to me
oh the energy that's spent
to keep a girl content
