

# Olly Olly Oxen Free

Gregory and the Hawk

Dear day we met  
I just made up my bed  
And now  
I'm kneeling by it

Dear last July,  
You once were heavy,  
But now I lift you  
Over my head like a feather

It all depends  
On whether you're carried away  
Or whether I pray for something  
And hold on to today

I've never been one for chasing  
Stars in the starry night  
It just seems too easy

I'm gonna be, I'm gonna be  
Fine when you want me  
Yeah, for the last time

I'm gonna be, I'm gonna be

Fine when I'm free,  
Yeah, for the last time

Dear consequence  
Could I shake your hand?  
'Cause, man, you really got me this time  
Oh, nights I've lost  
Erasing parts tumbling toward the eye of the tiger

It all depends  
On whether I'm carried away  
Or whether I stand for something  
And stick it to today

I've never been one for grasping straws  
Or feeling lost  
It just makes me queasy  
I'm gonna be, I'm gonna be  
Fine when you want me,  
Yeah, for the last time  
I'm gonna be, I'm gonna be,  
Fine when I'm free  
Yeah, for the last time

Make my head spin again  
Throw me over the edge  
It's all in his kiss again  
Just like momma said

I'm gonna be, I'm gonna be  
Fine when you want me  
Yeah, for the last time

I'm gonna be, I'm gonna be  
Fine when I'm free  
Yeah, for the last time
