

Sun Shadow

Gregory and the Hawk

We get lost in a dry, creek bed
And fall into it
All that's sauce
And you make like the river
It seems

Not in here
Though on the next day
You trickle in and say
"Babe, I'm free
Wanna get where the water's deep."

Hide in such a grin
I don't love it
Wait and pull me in
Won't have it
Don't wanna catch it, too

Sun shadows
Sun shadows
Sun shadows or something

Hide in such a grin
I don't love it
Wait and pull me in
Won't have it
Don't wanna catch it, too

Sun shadows
Sun shadows
Sun shadows or something
My hands [?]
Sun shadows or something

Sun shadows
Sun shadows
Sing

Sun shadows
Sun shadows

We get lost in a dry, creek bed
And fall into it
All that's sauce
And you make like the river
It seems

Not in here
Though on the next day
You trickle in and say
"Babe, I'm free
Wanna get where the water's deep."

Sun shadows
Sun shadows
Sun shadow or something
My hands wheel

Sun shadow or something

Sun shadow
Sun shadow
Or something

Sun shadow
Sun shadow or something
