## Gregory and the Hawk

When I was a kid it was cumulonimbus  
And now it's mammatus  
Before the storm comes

Still haven't been to the Rio Grande  
Still haven't bought a home  
Still can't last at a 9 to 5  
Cause I like to make my own good time  
Don't you like to make your own good time?

When I was a girl it was whirlpools  
Now it's waterfalls  
Before the storm comes

Still haven't crossed the states by train  
Still haven't made my bed  
Still can't name all trees I see  
But I'd like to try and reach for it  
Won't you try and reach for it?

In this time alive  
What could we be?  
If we decide to share my  
Would you come home to me?

I'm sorry  
I feel you  
When life gets rough and you're confused  
Whatcha say?  
Whatcha do?  
A whirlpool
