

Fall For You Again

Gregory Isaacs

[Verse 1]

If by chance you've changed your mind
Rest assured that I'll be waiting
Hurry up; I can't go on like this

[Verse 2]

Without you dear I'm not the same
Can't get over this love I'm missing
Though I try so hard to be strong

[Chorus]

In love you win and you lose (win or lose)
You've left me hurt and confused (confused)
But if I had to choose
I'll fall for you again

[Verse 3]

I've tried to fight the way I feel
I tell myself there'll soon be another
But no one can ever take your place

[Verse 4]

I've played around I've had a ball
And I think that I've done it all

But in my mind I always see your face

[Chorus]

In love you win and you lose (win or lose)
You've left me hurt and confused (confused)
But if I had to choose
I'll fall for you again

[Verse 1]

If by chance you've changed your mind
Rest assured that I'll be waiting
Hurry up; I can't go on like this

[Verse 4]

I've played around I've had a ball
And I think that I've done it all
But in my mind I always see your face

[Chorus]

In love you win and you lose (win or lose)
You've left me hurt and confused (confused)
But if I had to choose
