

# Fall For You Again

Gregory Isaacs

[Verse 1]

If by chance you've changed your mind  
Rest assured that I'll be waiting  
Hurry up; I can't go on like this

[Verse 2]

Without you dear I'm not the same  
Can't get over this love I'm missing  
Though I try so hard to be strong

[Chorus]

In love you win and you lose (win or lose)  
You've left me hurt and confused (confused)  
But if I had to choose  
I'll fall for you again

[Verse 3]

I've tried to fight the way I feel  
I tell myself there'll soon be another  
But no one can ever take your place

[Verse 4]

I've played around I've had a ball  
And I think that I've done it all

But in my mind I always see your face

[Chorus]

In love you win and you lose (win or lose)  
You've left me hurt and confused (confused)  
But if I had to choose  
I'll fall for you again

[Verse 1]

If by chance you've changed your mind  
Rest assured that I'll be waiting  
Hurry up; I can't go on like this

[Verse 4]

I've played around I've had a ball  
And I think that I've done it all  
But in my mind I always see your face

[Chorus]

In love you win and you lose (win or lose)  
You've left me hurt and confused (confused)  
But if I had to choose  
I'll fall for you again
