

Jailer

Gregory Isaacs

Hey now, bring me water
I'm thirsty to be be free
Got to speak my mind first
Don't you know freedom is my thirst

I've been accused and convicted
I've been objected and selected
But now I decide to stand for the right
Whether it morning, noon or night

Just let me have some water
I'm thirsty to be be free
Got to speak my mind first
'Cause only freedom is my thirst
Jah know freedom is my thirst

So many days I been locked in a cell
And this living is worsen than hell
Just set me free out of captivity
Give me some light and let me see

Just let me have some water
I'm thirsty to be be free
Got to speak my mind first
'Cause only freedom is my thirst
Jah know that freedom is my thirst
