

# My Relationship

Gregory Isaacs

Hi, love! How you're getting on in college?  
Now there's a lot of rumours been going around  
Friends are trying to slander our name

Though they're trying so very hard  
To break our relationship, yeah  
Please pay them no mind  
I don't really wanna quit  
I don't really wanna quit

'Cause when I need to be loved  
Your giving me love  
You give me when I want it  
When I need, I need some loving  
Your giving me love

They can't keep us apart  
There's a place for you into my heart  
Don't believe in what they say  
Sooner they will be our day

I don't really wanna quit  
I don't really wanna quit

Now they may try to rearrange your life  
But they're only having fun, babe  
Trying to build up strive

I don't really wanna quit  
I don't really wanna quit

'Cause when I need to be loved  
Your giving me love  
You give me when I want it  
When I need, I need some loving  
Your giving me love

They can't keep us apart  
There's a place for you into my heart  
Don't believe in what they say  
Sooner they will be our day

I don't really wanna quit  
I don't really wanna quit

You give me when I want it  
You sock it to me, darling  
I just can't resist  
My relationship with you  
I will never be untrue  
My relationship with you  
I will never be untrue  
With you, I will never be untrue  
Shoo-be-doo-be-doo-be-doo  
Shoo-be-doo-be-doo-be-doo  
You, I will never be untrue  
My relationship with you...
