

Poor Natty

Gregory Isaacs

Now Natty wasn't in a position
To treat her the way that she wanted
So she said she can't afford to put her eggs
Not at all in one basket
Then she started running up and down
Giving her love all over town
Until Natty start to step it one a way
Because she said she couldn't stay
'Cause he didn't have a car in his possession
To take to the party
And the clothes that he was wearing
Was torn and tampered, but still he was hearty

But what a rude little girl like that
Oh, what a rude little girl like that
What a rude little girl like that
Natty step it in the party
Met someone else at the party

Oh yeah

But what a rude little girl like that
Oh, what a rude little girl like that

Oh, what a rude little girl like that

Now Natty wasn't in a position
To treat her the way that she wanted, wanted
So she said she ain't gon' spickle
Run and forth her eggs into one basket
Then she started running up and down
Giving her love all over town
Until Natty start to step it one a way
Because she said she couldn't stay
'Cause he didn't have a car in his possession
To take to the party, oh no
And the clothes that he was wearing
Was torn and tampered, but still he was hearty

So Natty step it in the party
Met someone else at the party
Don't you know that he was hearty
Met someone else at the party
Met someone else at the party
