

## Raving Tonight

Gregory Isaacs

Never, never let dem know, now  
Wait until tomorrow

Please, don't tell your mama  
That you're staying out tonight  
'Cause she will tell your papa  
And he loves to fuss and fight

And I don't wanna lose this here chance, no  
'Cause I need you for my partner at this dance  
And it's Jah, who showed us the light  
So we're all going raving tonight, yeah

Then tomorrow you can't tell mama  
How you spend a splendid night  
Tell her you were with your lover  
He's a Dread, but he's alright, yeah

Never, never let dem know, now

'Cause I don't wanna lose this her chance, no  
Said I need you for my partner at this dance  
Now it's Jah, who showed us the light  
Come on, we're all going raving tonight, yeah

Tomorrow you can't tell mama  
How you spend a splendid night  
Tell her you were with your lover  
And he's a Dread, but he's alright, yeah

We're going raving tonight  
Going skanking tonight  
Tonight

Never, never let dem know, now  
Wait until tomorrow
