

Way of Life

Gregory Isaacs

Now we can't survive with this life we all living
We just can't survive with this life we all living, friend
We should be loving and kind to one another, yeah
And we must try to understand, yeah, each other
Instead of fighting your brother, every day, oh yeah
If you keep on, fighting your brother, every day
Then you'll never reach nowhere, nowhere
You'll never reach nowhere, nowhere, nowhere, no where

Now we should be loving and kind to one another, yeah
And we must try to understand, yeah, each other
Instead of fighting your brother, every day, oh yeah
If you keep on, fighting your brother, every day
Then you'll never reach nowhere, nowhere, yeah
You'll never reach nowhere, nowhere, nowhere, nowhere
Nowhere! I said nowhere, yeah
You'll never, never reach nowhere...
