

Modern Day Apprentice

Gregory Porter

I'm a modern day apprentice for your love
I'm a modern day apprentice for your love
If I have to work for free, it'll be alright with me
I'm a modern day apprentice for your love

If I have to work all night for your love
If I have to work all night for your love
If I have to work all night, girl, it'll be alright
I'm a modern day apprentice for your love

And I won't write a few new pages
Till your book of love you'll see
What I write on those pages
Will help you work with me

I'm a modern day apprentice for your love
I'm a modern day apprentice for your love
I'm a modern day apprentice for your love
