Dead Inside

Power

Consent
Defeat
Power
Control
Consent
'Til we're all f*cking dead inside!
Power
At the end of a gun
In the shadows that is feared
In an image that is spun
Control
In the faith that is held
In the promise that is made
In the pain that is felt
Consent
In the sacrifices made
In the headlines we believe
In the divides that we create
Defeat
In the dying of the soul
In the acceptance of it all
While you crawl on bleeding knees
[Chorus]
'Cause we all know the reasons why
Yet you lie and you lie
'Til we're all f*cking dead inside
'Cause we all see the crooked smile
Yet you lie and you lie
'Til we're all f*cking dead inside
'Cause we all know the reasons why

Yet you lie and you lie
'Til we're all f*cking dead inside
'Cause we all see the crooked smile
Yet you lie and you lie
'Til we're all f*cking dead inside
Power
At the end of a gun
In the shadows that is feared
In an image that is spun
Control
In the faith that is held
In the promise that is made
In the pain that is felt

In the sacrifices made
In the headlines we believe
In the divides that we create

In the dying of the soul
In the acceptance of it all
