

## Fall From The Top

Grendel

Fall from the top To the sewer of life. Wash up with the dirt.  
Lose your beautiful wife. Try to endure. You will succeed. Try  
not to fade away. Crawl through the swamps Of eternal hate. Dro  
wn into the blood Of your soon-dying faith. Try to keep up. You  
'll may survive. Try not to harden. Try not to complain. You dr  
ive me insane.

I will die Everytime I Need to see Your life without me.

Stay where you are. Shove your head to the soil. Dig into the g  
round. Bring yourself to the boil. Try to move on. It'll do you  
good. Try not to petrify. Just close your eyes. Point the gun  
at your head. There's 99 ways to play dead. Try to forget. You'  
ll may survive. Try not to fantasize. Try not to explain. You s  
ustain my pain.
