

## Fuzzy Feeling

grentperez

Don't stop trying to love me so I keep dying  
When, when I see you I don't understand the chemistry behind it  
The puzzle piece that I've been trying to find, and  
You're like medicine, for the weak you give me confidence  
When I speak, is this what love is?  
Like, am I losing my mind?

Oh, hey, now I've got a fuzzy feeling in my chest  
Butterflies inside my stomach and I'm dead  
You don't have a clue what you've been doing to me, doing to me

And, darling, I've been lying 'bout a certain kind of feeling  
A deer in the lights, like a catch that you've been reeling out  
Hunted down, scouted out, a predator to pray (Predator to pray)  
An accident, intentional  
Who's to say but I've been yours  
From the one girl it's that easy  
To fall for you dear  
It's like life needs it's breathing, I  
I wanna make you my everything, oh  
You wouldn't ever have to leave  
Oh, baby, can't you see it?  
Oh, but I

(Oh, hey) Now I've got a fuzzy feeling in my chest (I've got)  
Butterflies inside my stomach and I'm dead (I've been)  
You don't have a clue what you've been doing to me, doing to me  
Oh, hey, now I've got a fuzzy feeling in my chest  
Butterflies inside my stomach and I'm dead (I've been, yeah)  
You don't have a clue what you've been doing to me, doing to me

Oh, no, you know I've got this fuzzy feeling playing  
And you don't even know what you're doing to me, doing to me
