

Polyfilla

Greta Isaac

Shame
Flowers don't last
Nothing good can
The castle you built
Turning to sand
The cracks in the walls
Start to make sense
I'm not polyfilla

I'm just your daughter
Give me a break
I'm hurting
For the girl in the picture frame

I guess
The thicker the blood
The more my heart hurts
You're trying your best
But making it worse
You made mistakes
Messed up the page
I'm not an eraser

I'm just your daughter
Give me a break
I'm hurting
For the girl in the picture frame

Stop
The tighter you hold
The harder I break
I'm not superhuman

I'm just your daughter
Give me some space
Let my heart ache
Oh I'm only your daughter
Give me a break
I'm hurting
For the girl in the picture frame
