

# Undone

Greta Isaac

I'll take you for a ride  
I'll make you starry eyed  
I'm gonna let you in  
I'm gonna kick you out

I got just what you need  
Make me your fantasy  
I'm gonna build you up  
I'm gonna tear you down

And when the worst is yet to come  
And there's no way out (no way out)  
Collecting broken hearts for fun (for fun, for fun, for fun)

I'm gonna be the worst thing on your mind  
Baby please there's no way you can hide  
And before the day is done I'll have you undone  
Undone  
Undone  
Undone  
You're coming undone

Don't walk away from me  
Don't try to make-believe  
That I'm not what you want when you come back for more

It's just another day  
And I always get my way  
I've come to teeth on this  
I've seen it all before

And when the worst is yet to come  
There'll be no way out (no way out)  
Collecting broken hearts for fun (for fun, for fun, for fun)

I'm gonna be the worst thing on your mind  
Baby please there's no way you can hide  
Before the day is done I'll have you undone  
Undone  
Undone  
Undone

I'm gonna be (hey!)  
I'm gonna be (hey!)  
I'm gonna be  
I'm gonna be  
I'm gonna be the worst thing on your mind  
Baby please, there's nowhere you can hide  
Don't you do me wrong  
I've already won  
Before the day is done  
I'll have you undone  
Undone  
Undone  
You're coming undone
