

## Mountain of the Sun

Greta Van Fleet

The sun shines brighter from above  
And you're the woman that I love  
Climb the mountain even higher  
To kiss the sun fight the fire  
Oh, well

I'll make you mine  
You're my sunshine  
I'll make you mine  
You're my sunshine

Take me with you when you go  
To be with you is all I know  
As we ride, we light the fire  
The second sun's our loves desire

I'll make you mine  
You're my sunshine  
I'll make you mine  
You're my sunshine

The sun shines brighter from above  
And you're the woman that I love  
We climb the mountain even higher  
Kiss the sun, fight the fire

I'll make you mine  
You're my sunshine  
I'll make you mine  
You're my sunshine
