When It Rains

Gretchen Wilson

When it rains I pour a couple more rounds
Till the hurtin' and the heartache start to drown
I turn out the light I turn up Dwight and I lock my door when i
t rains, when it rains, I pour

When life ain't going my way and I can't take one more day of g
ray
Hey it's okay
I don't need a dose of Dr. Phil
I don't need your make it all better pill when I'm low
Don't you know don't you know

I don't have to have a girls night out
Or runaround with a rowdy crowd to get down Whiskey bent and he
ll bound
When I feel like I ain't got a friend I just call on my old bud
dy Jim
Again and again I like him

Oh don't you know
When it rains
When it rains
I pour
