

## DEEP END

Grey

Cut me open  
I'm bleeding roses  
Thought we were golden  
But now I'm

Now I'm holding onto something  
That I never had  
Gave you all the things that I could  
Never take back

Don't leave, don't leave me out  
In the deep end, don't let me drown  
In my feelings, why you gotta  
Do me so cold, cold

Oh, don't leave me out  
In the deep end, don't let me drown  
In my feelings, why you gotta  
Do me so cold, cold

Picture perfect  
But under the surface  
Got me reaching out for air  
Oh-oh-oh

Now I'm holding onto something  
That I never had  
Gave you all the things that I could  
Never take back

Don't leave, don't leave me out  
In the deep end, don't let me drown  
In my feelings, why you gotta  
Do me so cold, cold  
Oh, don't leave me out  
In the deep end, don't let me drown  
In my feelings, why you gotta  
Do me so cold, yeah yeah

Oh, don't leave me out  
In the deep end, don't let me drown  
In my feelings, why you gotta  
Do me so cold, cold  
Oh, don't leave me out  
In the deep end, don't let me drown  
In my feelings, why you gotta  
Do me so cold, oh why you gotta do me so
