

# HEARTLESS

Grey

I saw him starting  
His Porsche outside your apartment  
"We're just friends"  
That's what you said to me  
Patience, the virtue  
That don't pay shit till it hurts you  
Make me numb  
It's too much pain for me

Every word that you say illustrates  
All of the worst fucking parts of you (ah-ah)  
Now I know how it goes down, and now it's falling  
It's time that you know the truth, yeah

You put the art in heartless  
You put the end in friend  
I don't wanna see you near me  
Now you're just a C-U-N-T  
You put the art in heartless  
You put the end in friend  
Damn, I used to see you with me  
Now you're just a C-U-N-T

I met a new girl  
Got the same green eyes like you girl  
She likes jeeps  
A goddamn masterpiece  
You say you're sorry  
You just found out I'm charting  
You're so fake  
Like bathroom poetry

Every word that you say illustrates  
All of the worst fucking parts of you (ah-ah)  
Now I know how it goes down, and now it's falling  
It's time that you know the truth, yeah

You put the art in heartless  
You put the end in friend  
I don't wanna see you near me  
Now you're just a C-U-N-T  
You put the art in heartless  
You put the end in friend  
Damn, I used to see you with me  
Now you're just a C-U-N-T
